

## GENERAL WAR BREWING IN CENTRAL AMERICA

Guatemala City and San Salvador are just now Dividing Honors on the Center of Activity—Mexican Troops are Moving on Guatemalan Frontier.

Mexico City, May 21.—Mexican troops are moving to the Guatemalan frontier, according to information received yesterday, in a private telegram. The troops are traveling over the Pan American railroad. In what numbers or for what purpose these soldiers are moving southward is not known outside of official circles.

It is said that the transfer of these troops may simply be the carrying out of previous orders issued by the war department in pursuance of a plan of mobilization, which carries with it no significance.

At the state department nothing could be learned of the situation. Subsecretary Altagracia did not receive newspaper men yesterday, contenting himself with sending out a message that he had nothing to make public at this time. Meanwhile it has been learned that the scene of greatest activity has been divided between Guatemala City and San Salvador.

An American businessman who arrived from San Salvador a few days ago, says it is only a question of time when President Figueroa of Salvador, will be confronted with a formidable revolution. An authority says conditions in Salvador are rapidly approaching the chaotic state now said to exist in Guatemala. Figueroa has blocked three incipient revolutions; and, as a result, is indiscriminately throwing suspects into jail.

These unexpected developments have for the time being checked the plans of the men who are organizing the revolution against Estrada Cabrera. They depend absolutely upon the aid of President Zelaya, of Nicaragua. The revolutionary leader, Gen. Toledo, is now in Managua, capital of Nicaragua. As soon as President Zelaya believes the time ripe it is reported, he will lend soldiers and equipment to Gen. Toledo for the attack on Cabrera. Zelaya, however, will not move until he is sure of the support of Honduras and Salvador. In the former republic, he has his hands full in endeavoring to restore order and render permanent the tenure of office of President Davila.

Open war is going on in Honduras among political factions, each led by a presidential aspirant. While many believe the threatened revolution in Salvador is secretly backed by Zelaya, who wishes to name a successor to President Figueroa, all are agreed that the troubles of the Central American republics are as yet only incipient.

Some months ago Henry J. Hanna and Harry Kinney were discharged by Justice of the Peace Prutzman, of Birdsboro, from arrest on the charge of illegal fishing brought by Fish Warden Nesley, of Pottstown. An appeal was taken to the Berks court, which upheld the magistrate. The commonwealth then appealed to the superior court.

The defendants used umbrella ribs attached to which were sleep belts which rang when they had a bite. In this way they were able to doze while fishing. The superior court in its decision declares the device to be illegal.

## MAY ANNUL THE COMPANY'S CHARTER

Pittsburg's Mayor Takes up the Fight Against the Philadelphia Company and will Carry it to the Legislature to Oust it From its Charter.

Pittsburg, Pa., May 21.—Mayor Guthrie has taken up the game of battle against The Philadelphia company in earnest and propose to wage a campaign which he believes will result in the annulment of the company's charter, the breaking up of the exclusive combination in public utilities, and the restoration to the people of Pittsburg of their rights to obtain good service in street cars, natural gas, electricity and illuminating gas at a fair price.

The mayor proposes to ask the attorney general to institute proceedings to annul all The Philadelphia Co.'s charters and put that concern completely out of business. Failing in this the mayor will ask the governor to call a special session of the legislature to have laws enacted to give the city some power in obtaining good service at a fair figure.

The proceedings, as outlined by the mayor, carry with them an application for an injunction to prevent The Philadelphia Co. from charging the 5 cents a thousand feet increase in the price of natural gas as has been proposed. Councils will meet in special session tonight and will adopt resolutions calling upon the mayor to proceed against The Philadelphia Co. District Attorney Goehring is working with the mayor and will aid in the legal battle.

"The time has come," said Mayor Guthrie "for the people to fight. I am tired of taking up all these questions with The Philadelphia Co., point by point. They have been adopting their own sweet leisure about settling their just dues to the city, and now the people must fight them. We must strike at their charters."

The people should rise up and see that proceedings to annul the charters of The Philadelphia Co., are prosecuted to a finish.

"I say, as a lawyer, that the relief can be obtained by the people. The municipality of Pittsburg has the right to the assistance of the sovereignty of the state, and I believe it will secure it. The terrible conditions in Pittsburg are the result of the laws of this commonwealth and the state should assert its power to correct them now."

The entire city is aroused against this awful treatment at the hands of this combination and they do not propose to stand for it any longer.
